biggest mistakes I see that photographers starting out make and how best to avoid them Focusing on branding over business Choosing the perfect business name, selecting the right colors, designing a new logo, putting together a new website, and creating business cards can be fun—and can take a lot of time How do you narrow down all the color

The Photography Review Festival How-to Guidebook

on a laptop/ipad during a formal review should not even be considered! What size should my prints be? Well, the short answer is: if you can carry it, you can show it The most common sizes are in the range of 11x14" up to 20x24" The maximum size the tables can accommodate would probably be 30x40" including the matt, but this size might

Childhoods in a Digital World

the iPad even existed Far from expecting the gulf between generational experience being bridged as 'digital natives' start to have their own children, if anything the pace of technological change and its impact on shared experience suggests it may be fragmenting and speeding up
